U. S. Senator Riddieberger was sent to jail at Woodslock, Va., last week by a county judge whose rul ings he pobitely ridiculed. His friends threatened to break open tho jall, but the Senator spent the night behind the bars

The election returns are not encouraging to the aspirations of Democratic Congressional cambidates in the Third District. Ilnuter's majority of 1,198 over Ithea last year has been incressed by Bradley to 6,395, making it the strongest Republican district in the State.

The Democratic majority in the Sixth district, Mr. Carllele's, Is only 773, less even than it was last year when he beat Thobe by 800 votes instead of the usnai majority of over 5000. There is something in this to cause men to stop and think

The soldiers at Morehead selzed a case of Springfield rifles Friday and 2000 rounds of summutation, which were shipped from Lexington to Z. T. Young and A. J. White. Suspected houses were also searched and a large number of other guns captured. Tho raid created a stir in the town.

143,959, Bradley 127,385, Buckner's majority 16,574. Knott county will din 4,876. The Legislaturo stands Senate, Democrats 33, Republicaus 5; liouse; Democrats 72, Republicans 25, Labor 2, Prohibitlouists 1.

Thern is no disguising the faci that tho Republican party of Keutucky has made material gains. Bradley'e vote is 9,000 votes larger than any other Republicau candidato ever received in a Stato election. This gain cunnot be attributed to Democratic apathy. The addition of 9,000 votes is not of itself alarming, since this is but a natural and reasonable increase of the vote during the last three years Ilnt there has not been a correspondlng increase of the Democratic vote, which shows that while the Republicans are organized, active and alert, the Democrats are careless and apafali 8,000 under Cieveland's vote. These dual causes have cut down the party majority from 34,000 to 17,000, a reduction of one hall. Another such victory as Gen. Buckner's and the State would be lost. Democrats must look the issue equarely in the face in future contests-Kentucky is no longer a certain State for their ticket. The State is still reliably Democratic if the people vote, but the dou't-eare style of the past will not do for the future. A party with a voting strength of 128,000 is formidable enough to call for a better and closer organization that the Democratic party has heretofore had to oppose a party supposed to he hopeleasly in the minority. Democrate must wake up. Every voto will be ueciled uext year to put our majority back where it ought to be.

We are informed that many of the good people of Christian county are heartily thred of the prohibition experiment. There is abundant proof that it is not a success. There is less whisky than previous to the passage of prohibitory law, but even the most sangnine friends and advocates of prohibition do not claim that it is a thorough success in Christian. Those procure liquor in Hopkinsville whenever they feel inclined to do so. One of the thest arguments of the prohibitionists was that the cost of criminal prosecution would be decreased. If the Graud Jury of Christian county does its duty there will be more indictments found against violators of this law than was ever found in one term against parties who committed crimo under the influence of liquor.-Clarksville Domocrat. So far as we know, not one of the

"good people" of Christian county who voted for it is tired of the prohilbition law. A great many of them are tired of seeing the law violated, but they are bidling their time and when the graud jury moets next month somehody will hear aometining the Courts and juries but do their in each: duty the whisky business will seen be entirely broken up. The county prohibition law is observed everywhere excepting in this city and the reason it is not enforced hero is that but few of the officers whose duty it is to enforce it are in sympathy with the law. The law is nevertheless stronger now in the county than ever before and there never has been a time when there was so little drunkenness to be seen on the atreels. The South Kentuckian dld not advocate the law, and it was boycetted by prohibitlonists for not doing so, but these are facta that any truthful man

There have been four deaths at Piper City, which would bring the total up to seventy-seven. The fact appears to be, however, that in the excitement and confusion which prevailed on Timraday a number of bodies wore sent to Peorla of which no record was retained, and those who have been upon the scene since the lionr of the accident insist that the death roll exceeds one hundred.
